13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Please refer to your letter dated September 12, 1995.

We request approval of continued long term shut in status for this well. Gas market conditions have not improved sufficiently to justify a pipeline for its' production. The well is capable of production, as shown in a test conducted in June of 1994. We also request that the casing integrity test requirement be waived. Please refer to Ken Townsends' (BLM) letter to Bayless dated June 13, 1994.
