Manzano requests the subject well be temporarily abandoned for a period of twelve (12) months from January 1, 1989 pending evaluation of recompletion attempt. Manzano drilled and is testing the Wild Swede #1 well located 1780' FNL & 600' FEL of Section 6, T30N, R15W and has moved the pump jack and other equipment from the Westwater Federal 6-1 to the Wild Swede #1 location until a determination is made to complete the well. We request the temporary abandonment because we injected load oil in the Wild Swede #1 well and have not recovered the load to date and therefore cannot evaluate either well.
