Blanco Mesa Verde (72319) & Basin Dakota (71599) Pools
Administrative Order R-11363
API # 30-045-26751

RF Dear Mr. Hayden:

Energen Resources recently finished down hole commingling operations on the subject well. In accordance to the approved C-103, the supervisor of the Aztec District Office of the NMOCD shall determine the proper production allocation.

Prior to commingling operations, the Mesa Verde produced at a stabilized rate of 290 MCFD and .4 BOPD. The Dakota was non-productive. The well has stabilized at a rate of 360 MCFD and .6 BOPD. The following allocation is recommended:

	Gas	Oil
Mesa Verde	80%	66%
Dakota	20%	34%

DHC 128 A2
If additional information is needed, please contact me.

Sincerely Yours;

Gary W. Brink
District Superintendent
