Final Abandonment Notice shall be filed only after all requirements, including reclamantion, have been completed, and the operator has determined that the site is ready for final inspection.)

Devon no longer plans to plug and abandon the subject well. The well will remain a Fruitland Coal pressure observation well.

The well has passed the 2002 MIT and will be monitored as required. The change in plans are a result of the heightend focus of increase density drilling in the Fruitland coal.
