Gentlemen:

References are made to your Applications for Permit to Drill (APDs) the wells listed on the enclosed list. As extensions have been granted for a total one year from the original expiration date, the subject APDs have expired, as of August 7, 1992 and are returned. Please note that it is the policy of this office to grant extensions of APDs up to a total of one year from the original expiration date. Any expired APD may be resubmitted at any time when more definite drilling plans are formulated.

You are required to request surface rehabilitation instructions from this office if construction activities occurred on the referenced drill sites. If this office does not receive comment within 30 days, we will presume that no construction occurred and proceed accordingly. Later discovery that construction activities have in fact occurred, may result in assessment of liquidated damages.

Sincerely,

Ken Townsend
