13. Describe Proposed or Completed Operations

It is intended to workover this well in order to clean out bridges around and inside of the 5 1/2" liner. The existing tubing and liner will be pulled. Surge and clean out with gas until the openhole becomes stable. Rerun the 5 1/2" liner and 2 3/8" tubing. Return the well to production.

14. I hereby certify that the foregoing is true and correct.
