RE: *Injection Pressure Increase*
~~Northwest Blanco Lignite~~
~~Middle West SWD 1102~~
San Juan County, New Mexico
M-11-31N-CTW

Dear Mr. Abbey:

Reference is made to the injection pressure increase which was approved on September 14, 1992. The approval was subsequently rescinded on September 22, 1992. Additional data you furnished in response to this action has been thoroughly reviewed by my staff. We feel the data does substantiate the ~~injection pressure increase to 2500 psi~~ and is hereby re-authorized.

Sincerely,

William J. LeMay
