As discussed with Ken Gosnell of your company on, September 26, 1991, the
subject APDs are rescinded and returned due to drilling not being commenced
within the approved period of time.

You are required to request surface rehabilitation instructions from this
office if construction activities occurred on the referenced drill site. If
this office does not receive comment within 30 days, we will presume that no
construction occurred and proceed accordingly. Later discovery that
construction activities have in fact occurred, may result in assessment of
liquidated damages.

Sincerely,

/s/ John L. Keller
