12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Hallwood Petroleum, Inc. has moved the location of the proposed Gilbreath #1 surface spot location to:

New Location: Unit N, 790' FSL X 1540' FWL, Sec. 28-T30N-R12W

Old (Permitted) Location: Unit N, 790' FSL X 2510' FWL, Sec. 28-T30N-R12W

The location change was necessary to minimize the impact on the Landowners agricultural use of the Land. Please disregard our January 24, 1994 "Change of Well Location" C-103, we have elected to move the well spot 40 feet North to a 790' FSL legal location instead of trying to obtain approval for the 750' FSL non-standard location.
