13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

The NMOCD form C-102 initially submitted with the APD did not properly present the leases comprising the proposed W/2 spacing unit.

An amended C-102 is attached, which reflects that four federal leases (NM-2555, NM-13213, NM-15272, and NM-26052) comprise the W/2 spacing unit and that a communitization agreement will be necessary.

In addition, the well name is being amended from Mucho Deal No. 90 to Mucho Deal Com No. 90.
