Attn: Mr. Emery C. Arnold

Dear Sir:

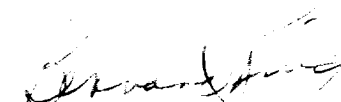

This will acknowledge receipt of your letter of December 2.

After pumping the Navajo G #3 well a short time, it began making an excessive amount of water and we have shut the well down. As to the oil and gas ratio, this well never made any measurable amount of gas.

Do you still want tests made and submitted to your office.
Thank you.

Sincerely,

KING OIL COMPANY

Bernard King
