

New Mexico Oil Conservation Commission

1000 RIO BRAZOS ROAD

AZTEC, NEW MEXICO

*December 2, 1959*

*King Oil Company  
745 Petroleum Club Building  
Denver 2, Colorado*

*Gentlemen:*

*Your #3 Navajo "C" Well in H-5 3QW-17W was assigned an initial allowable on September 2, 1959. Oil Conservation Commission rules require that a gas-oil ratio test be conducted between 30 and 60 days after completion and submitted to this office not later than 10 days thereafter.*

*We have not received a gas-oil ratio test on this well as of this date and for that reason have not given the well a December allowable. Will you please submit this test immediately in order to avoid further loss of allowable.*

*Yours very truly*

*Emery C. Arnold  
Supervisor, District #3*

*ECA:ks*

# New Mexico Oil Conservation Commission

1000 RICHARDS ROAD  
ALBUQUERQUE, NEW MEXICO

February 1, 1974

Mr. J. J. Gandy  
The Governor's Office  
Santa Fe, New Mexico

Dear Sir:

I am writing to you regarding the oil conservation program in New Mexico. The program was established in 1973 and is designed to conserve oil resources and to provide for the future needs of the state. The program is a result of the efforts of the New Mexico Oil Conservation Commission, which was created by the New Mexico Legislature in 1973. The Commission is composed of representatives from the oil industry, the public, and the government. The Commission's primary responsibility is to develop and implement a program of oil conservation that will ensure the long-term availability of oil resources in New Mexico. The program includes a variety of measures, such as the establishment of oil reserves, the promotion of energy conservation, and the development of alternative energy sources. The Commission is currently working on a number of projects, including the development of a new oil reserve and the implementation of a program of energy conservation. I am confident that the program will be successful in achieving its goals and in ensuring the future availability of oil resources in New Mexico.

Sincerely,  
[Signature]

Very truly yours,
