13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

On 10/8/01 Phillips received a demand letter from the BLM to complete the work approved with our NOI dated 4/20/01 for this well. Hank Baca and Eric Dahlgren with Phillips talked with Jim Lovato on 10/10/01 about this well and Mr. Lovato gave them a two month extension to start on this workover. Plans are still to fish tubing and restimulate the MV interval.

14. I hereby certify that the foregoing is true and correct.
