Re: San Juan 32-8 Unit #7, N-22-31N-8W

Dear Bobby,

The 1984 bradenhead test on the referenced well indicates possible communications between the longstring, intermediate casing and surface pipe. Please schedule a retest as soon as possible. Notify this office prior to the test, so we may provide a witness.

Yours truly,

A handwritten signature in cursive script, reading "Charles Gholson".

Charles Gholson
Deputy Oil and Gas Inspector
