Mr. A. L. Porter
Secretary-Director
Oil Conservation Commission
P. O. Box 871
Santa Fe, New Mexico

Dear Mr. Porter:

This is a request for administrative approval of an unorthodox location in the Horseshoe Canyon-Gallup Pool. Our request is made on the basis that the existing topographic conditions would create a prohibitive cost in an attempt to drill the orthodox location. We therefore propose to drill the Banner Drilling Company Horseshoe Ute #1 well 445' from the south line and 202' from the west line of Section 34, Township 31 North, Range 16 West, N.M.P.M., San Juan County, New Mexico. The SW/4 SW/4 of Section 34 is dedicated to this well. The well will be drilled into the Dakota formation and all possible producing zones will be tested.

This well is to be drilled on a farmout from El Paso Natural Gas Products Company who is the record lessee in Section 34 and also in the offset Section 33 to the west. They have been notified by registered mail and requested to forward their approval direct to your office.

Attached hereto are two copies each of the acreage plat illustrating the topographic conditions involved.

Very truly yours,

BANNER DRILLING COMPANY
