Att: Mr. W. R. Brown

Dear Sir:

Reference is made to your letter of July 23, 1956 inquiring about production status on the Pubco Petroleum Co. #4 State.

From an examination of our records we find the following facts to be true:

The well is located in the SW¹/₄NE¹/₄ Section 32-31N-9W. It is a completed producing gas well in the Elanco Mesaverde Pool. The date of first delivery was May 6, 1952 into El Paso Natural Gas Company's gathering system. Its 1955 calculated deliverability was 1087 MCF/D. Its May production was 10,302 MCF, its July current allowable was 15,378 MCF. As of June 1, 1955 its net under-production was 4544 MCF.

If we can be of further service to you, please let us know.

Yours very truly

ATTN: Mr. W. H. Brown

Dear Sir:

Reference is made to your letter of April 11, 1956 regarding above production
status on the above oil lease.

Enclosed herewith is a copy of the report of the Oil Conservation Commission

The report is located in the OCM's Section 10-11-12. It is a copy of the
production report for the above lease for the year 1955. The date of the report
was July 8, 1956 and it shows that the lease is producing oil. The
1955 calculated delivery rate was 100,000 bbl. The report also shows
10,000 bbl. for the year 1956. The report was prepared by the OCM's
and is a copy of the report of the Oil Conservation Commission.

It is our hope that further service to you will be given.

Very truly,
Yours very truly,
