Mr. Al Greer
New Mexico Oil Conservation Commission
Aztec, New Mexico

Dear Mr. Greer:

Enclosed please find an original and four copies (total 5) of Form C-101, Notice of Intention to Drill. This is a revision of the location of #1 State which has previously been transmitted to you and circulated through the regular channels.

Please note that #1 State is located 1,850' from the East Line of Section 32 31N-9W rather than 1,650' from the East line as previously shown on the registered engineers' plat. This mistake was detected by Laughlin-Simmons and upon investigation with the San Juan Engineering Company, it was found that a typographical error had been made.

In other words, this set is to replace those originally submitted and is known to be correct. I trust this will meet with your approval.

Very truly yours,

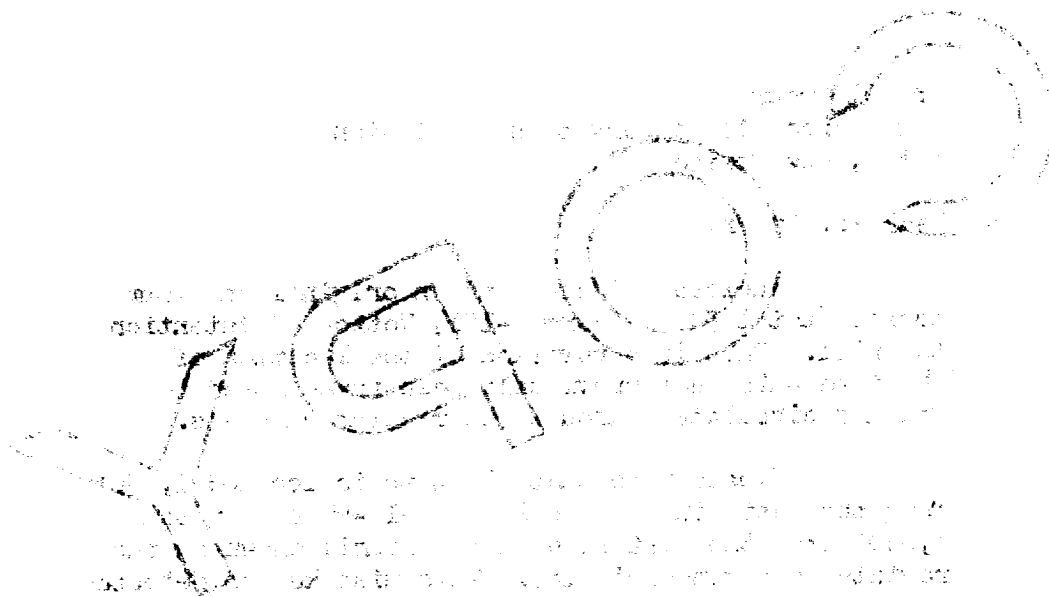

Frank D. Gorham, Jr.
