New Mexico Oil Conservation Commission
Aztec, New Mexico

Dear Mr. Arnold:

We appreciate your letter of May 8, 1953 with reference to the drilling of our State #1 well in the NE/4 of Section 36, 31-11, San Juan County, New Mexico. We are enclosing a copy of the Notice of Intention to Drill or Recomplete form which you requested in order that we may have an approved copy in our files.

With reference to the number of sacks of cement to be used in cementing the 10-3/4" surface pipe at approximately 200 feet, it is not necessarily our intention to use only 75 sacks of cement. We intend to circulate the cement regardless of the number of sacks required.

Thank you again for your letter.

Very truly yours,
