Re: Cain #1  
Sec. 25, T31N, R13W,  
San Juan County, New Mexico

Dear Sir:

Enclosed is a copy of the Schematic Hookup of the dual producing system of our #1 Cain. This well has been completed in both the Dakota and Mesa Verde formations and proper packer leakage tests have been submitted as required.

To our knowledge all of the necessary requirements with respect to receiving approval to sell our gas have been met and we therefore request respectfully that you issue your formal administrative approval for the dual completion of this well.

Yours very truly,

COLORADO WESTERN EXPLORATION, INC.

Harry A. Frutkin, Jr., President
