Re: Packer Leakage Test  
Consolidated Oil & Gas  
#1 Cain, 25-31N-13W.

Dear Mr. Arnold:

We are embarrassed to admit that in checking our files, we find no evidence that Packer Leakage tests were conducted on subject well during 1958. This well is now on Annual Deliverability Test. Following the seven-day shut-in period, these Packer Leakage tests will be conducted commencing on September 21, 1959.

Very truly yours,

CONSOLIDATED OIL & GAS, INC.
