## CASING RECORD

| Size casing per foot | Weight per foot | Thickness per inch | Make | Amount | Kind of shoe | Out and pulled from | Performance from | Purpose |
|----------------------|-----------------|--------------------|------|--------|--------------|---------------------|------------------|---------|
|----------------------|-----------------|--------------------|------|--------|--------------|---------------------|------------------|---------|

It is of the greatest importance to have a complete history of the well. Please state in detail the dates of redrilling, together with reasons for the work and its results. If there were any changes made in the casing, state fully, and if casing was "sidetracked" or left in the well, give its size and location. If the well has been dynamited, give date, size, position, and number of shots. If pipes or bridges were put in to test for water, state kind of material used, position, and results of pumping or bailing.
