Dear Mr. Trujillo:

My company, Kenco Pumping & Service Co., merely pumps
C & S Casing Pulling Service's wells and we file the monthly
production reports.

C & S Casing pulling Service plugged and abandoned the
subject well in February, 1965. They informed us that they
have filed the necessary abandonment reports with the
appropriate agencies, namely U. S. Geological Survey in
Durango, Colorado.

We suggest that you write C & S in Craig as follows for
further information or abandonment particulars:
