Dear Al,

We were advised that you called and mentioned that NWU-259 was incorrect in that the acreage in the non-standard unit is actually 345.80 acres rather than 346.80 acres.

We then wrote to El Paso Natural Gas Company advising that its records be changed to so reflect.

Enclosed is a copy of the reply from El Paso Natural Gas Company.

Would you please look into this matter and advise us whether the figure should be 345.80 or 346.80?

Very truly yours,

Oliver E. Payne
