13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

On 03/22/2001, we submitted a request for permission to squeeze the Morrison perforations, cleanout wellbore, re-land tubing with contingency to acidize if scale is detected. Application was approved on 03/26/2001.

Please note: the subject well work has not been initiated as of this date. It is still our intention to perform the proposed well work activity, therefore, we respectfully request an extension of time in order to complete this process.
