17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

The Form C-101 for the subject well was approved on 3/7/88 and has since expired. The drilling of this well is currently being delayed by the negotiation of a gas balancing agreement with another working interest owner. This negotiation is apparently not going to be completed for a minimum of several more months. For this reason, BHP will re-submit the APD when the gas balancing agreement has been finalized.
