San Juan County, New Mexico
Temporary Abandonment

Gentlemen:

Enclosed please find, in duplicate, Form 3160-5, Sundry Notices and Reports on Wells, for the captioned well. This report is a corrected subsequent report of temporary abandonment. The report is being filed to correct a Sundry Notice filed August 20, 1984 which indicated that the well had been permanently plugged and abandoned. A copy of that form and a copy of the approved notice of intent to temporarily abandon are both enclosed for your information.

All of the enclosed forms have been accepted for record by the Bureau of Land Management in Farmington, New Mexico.

Should you have any questions or should any problem arise, please do not hesitate to contact Mr. David Cushman of this office or the undersigned.

Your attention to this matter is greatly appreciated.

Sincerely,

SOLAR PETROLEUM, INC.

Stephanie L. Huntington

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

This report is being filed to correct Sundry Notice dated 8/20/84, Subsequent Report of Abandonment (see attached copy + copy of approved notice of intent).

The report should have read, "Subsequent Report of Temporary Abandonment" with detail as follows:

8/10/84 Tagged TD @ 884'. Ran tbg to 876', mixed & pumped 25 sx Type I cement plug w/non-corrosive fluid. Pulled 9 jts tbg out to 596', mixed 9.2# mud & circulated to surface. Pulled 9 jts tbg out to 280', mixed & pumped 25 sx cement to surface. Pulled & LD tbg. Capped well.

Well is temporarily abandoned. Approval of temporary abandonment expires 8/13/85.

Solar requested TA status in order to study the well (and others) for future possible use - if nonusable will install marker. Well is currently Abdn. That is acceptable to this office except for marker.

18. I hereby certify that the foregoing is true and correct
