Dear Mr. McCoy:

The back portion of the C-104 must be filled out by you, even though the information was previously filed on the completion report. This form is sent to the transporter and this is information that they must have.

Also, I must again ask about the name of the well. According to our records, the name of the well was permitted under is the Sovereign 32-6 #1. If you intend to change the name then you must indicate so in the box marked other, Section I.

If you have any questions, please call.

Sincerely,

Luanne
