501 Airport Drive  
Farmington NM 87401

Re: Leeper Gas Com D #1

Dear Mr. Shaw,

The plug and abandonment approval on the above well cannot be made without submittal of all drilling reports, from commencement of drilling, and the subsequent report of plugging.

We have in our files, only the intent to P & A, and the completion report.

If you have any questions, please contact this office.

Sincerely,

*Luanne Hisel*
