☐ Change of Plans  
☐ New Construction  
☐ Non-Routine Fracturing  
☐ Water Shut off  
☐ Conversion to Injection

13. Describe Proposed or Completed Operations

Southland Royalty Coompany requests an extension to June 1, 1996 of the original Sundry Notice for the subject well. The original approved Sundry requested a shut-in for the subject well due to high water volumes and low gas volumes resulting in this well being non-economical to produce. This well is currently being evaluated for the possibility of the following work to decrease the water and increase the gas production: pump installation and/or pull existing 5 1/2" liner and 2 3/8" tubing. Clean out wellbore until formation stabilizes. Run a 5 1/2" liner and rerun 2 3/8" tubing, return the well to production.
