12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

A replacement wellbore, Well No. 2R, has been approved for drilling in this same proration unit. It is proposed to maintain this original Well No. 2 as a pressure observation well. All surface equipment (vessels, flowline, etc.) except the wellhead will be removed from the location. The tubing will remain in the hole temporarily until another need for it is identified at which time it will be removed.

This request is submitted in compliance with a stipulation issued with the APD for the replacement well that the C-104 for the new Well #2R be held until disposition of the original Well #2 is approved (for either P&A or observation well status). Please note the receipt of this Sundry in the file for the new FC State Com 2R.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
