We plan on cleaning out with an air package to TD of 3610' KB. To clean out with air we will need to construct a pit 50' X 30' X 4' deep. We plan to install plastic pit liner (12 mil polyethylene) and fencing pit. After clean out is complete, we will fold plastic up over coal fines and bury, reclaiming soil over top and reseed to BLM specs.

Proposed work is planned to begin 1 week to 6 weeks after approval of Sundry Notice.
