Off-Lease Measurement of Gas
Addition of San Juan 32-7 #205

Gentlemen:

Phillips Petroleum Company requests approval to add the San Juan 32-7 #205 to the off-lease measurement/commingling application for the subject CPD. The original application was approved by the BLM on April 4, 1995 and the allocation method was approved by the NMOCD on April 10, 1995. The application dated February 12, 1998 to David Catanach is still waiting for approval.

The San Juan 32-7 #205 is located in Unit M, 791' NSL & 1073' FWL, Section 22, T32N, and R7W. The federal lease number is SF-078459. This well will be connected to the 32-7 #1 CPD.

We expect first production to the CPD from the San Juan 32-7 #205 to be sometime during the last week in May, 1999. Phillips Petroleum Company will follow Onshore Oil and Gas Order #5 and the allocation procedures outlined in the original approved application in regards to gas production from this well.

If you have any questions concerning these well additions, please call me at 599-3450.

Sincerely,
Phillips Petroleum Company
