(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

This is a new well, it produces approximately 0.18 bbls of water per day. This water is comparable to the sample tested in the Mesa Verde Formation. Analysis was submitted October 2, 2000.

Water on lease is stored in a 80 bbl steel tank, with secondary leak detection, until it is trucked by Triple S or Key Services, Inc., to either the Key Four Corners, Inc. Water Disposal Facility or Basin Disposal.

I hereby certify that the foregoing is true and correct
