Dear Mr. Arnold:

Under date of February 21, 1953, we forwarded a sixth copy of Form C-101, Notice of Intention to Drill, covering Pubco State Wells Nos. 8 and 9, and expressed a desire to receive an approved copy covering each well for our files. To date we have not received the approved copies.

Inasmuch as you indicated in your letter of February 19, 1953, that we would be supplied with an approved copy if we furnished the sixth copy, we would appreciate your checking the matter and forwarding to this office one approved copy of the Form C-101 for State Well Nos. 8 and 9.

Yours very truly,
