State-Day #1  
San Juan County,  
New Mexico

Dear Mr. Greer:

We are enclosing Form C-105, Well Record, covering the completion of our subject well in San Juan County.

Since we are just beginning operations in your district and are not too well informed on your regulations, we shall appreciate your advising us should we at any time fail to comply with the accepted practice in handling any of our forms. It is our intention to drill several wells in your district, and we want you to know that it is our intention to cooperate with you in every way possible. In the event there is any reason to contact us immediately, kindly telephone us, collect, at FAnnin 8175, Fort Worth, Texas.

At your early convenience kindly send us a small supply, approximately 25 or 30, Form C-105, as our present supply is limited.

Very truly yours,

GREENBRIER OIL CO.
