Re: Approval of non-standard
gas proration unit
Blanco Mesaverte Pool
Greenbrier Oil Company
#1 Vasealy Well

Gentlemen:

The Greenbrier Oil Company hereby submits its application for administrative approval of a non-standard gas proration unit, in the West Half of Section 31, Township 32 North, Range 11 West, San Juan County, New Mexico, comprising 306.4 acres. In support of this request it submits the following information:

1. The Greenbrier Oil Company Vasealy #1 well is located 1650 feet from the West line and 1600 feet from the North line of said section and was tied into the Southern Union Gas Company line on August 4, 1952.
2. The East Half of said Section 31, Township 32 North, Range 11 West, is being operated by the Greenbrier Oil Company.
3. The non-standard unit consists of contiguous quarter-quarter sections and lies wholly within a single governmental section.
4. The entire unit may be reasonably presumed to be productive of gas.
5. A copy of this letter, sent by registered mail to all offset operators, will notify them of the intent to form such non-standard gas proration unit.

Greenbrier Oil Company respectfully requests consideration of this application under the provisions of Order #2-128-C, Rule 1(b), without notice and hearing, and approval of the subject non-standard

January 12, 1959

INSTRUCTIONS

1. Is this gas well a dual completion? Yes _____ No _____.
2. If the answer to Question 1 is Yes, are there any other
dually completed wells within the dedicated acreage?
Yes _____ No _____.

A separate plat must be filed for each gas well, outlining the area dedicated to such well and showing the location of all other wells (oil and gas) within the outlined area.

Mail in duplicate to the district office for the district in which the well is located.
