H-35-32N-13W, Basin Dakota Pool*

Dear Sir:

In answer to your letter of May 2 inquiring about an allowable for the above well:

We are unable to assign allowables to wells until we have received and approved a deliverability test. I believe the initial test submitted for the above well was returned for correction. When it has been received again and checked, your allowable will be assigned, retroactive to the date of connection or 45 days prior to date of receipt of the test, whichever is later.

Yours very truly
