Re: Our Ripley No. 1 - SE SW Sec. 26, 32N, 13W,
N.M.P.M., San Juan County, New Mexico

Dear Mr. Porter:

We request your administrative approval of a Dakota-Mesa Verde dual gas completion which has been recently effected at subject location. Enclosed are two copies of Application for Dual Completion Form complete with all attachments. We are, by copy of this letter to Mr. Emery Arnold, District Engineer for the Commission in Aztec transmitting the required forms C-104, C-110 and C-105, Well Record. Also we point out that the well is shut in for the initial 7-day pressure build-up determination after which time routine potential tests and packer leakage tests will be performed. These data will be supplied as they are secured.

We believe that you now have all the information necessary to approve our application for dual completion and respectfully request your early consideration and acknowledgement.

Very truly yours,

CONSOLIDATED OIL & GAS, INC.

George E. Farmar, Production Manager
