Re: Initial and Annual Deliverability  
Tests - Mesa Verde & Dakota  
Zones - Our Ripley No 1-26,  
SW/4 Sec. 26, T32N-R13W

Dear Mr. Arnold:

Subject well has been scheduled for Annual Deliverability  
Testing on the following basis:

Conditioning -	May 18 to June 1,
Flow -	June 1 to June 8,
Shut In -	June 8 to Jun 14.

The Mesa Verde was turned into-the-line April 13 and the  
Dakota April 16. It is obvious that we will exceed the 45-day per-  
iod during which we are required to complete the initial deliverabil-  
ity test. Accordingly, we request your approval to the previously  
outlined test period, even though it will be extended beyond the rou-  
tine 45-day period.

Very truly yours,

CONSOLIDATED OIL & GAS, INC.
