Gentlemen:

A well record form was received in this office in January, 1957, which indicated that the above well was to be converted to a shallow water well. We have never received any subsequent information as to if, when, or how this conversion was accomplished. If you have any further information relating to the final completion of this well, we would appreciate it very much if you would send us a copy of this information.

Yours very truly,

*Emery C. Arnold*
