Dear Sir:

On June 9, 1964 we received in this office two copies of Form C-128, Well Location and Acreage Dedication Plat, for a well listed as the Curtis J. Little #4-28 Navajo in Unit I, Section 28-32N-17W, Many Rocks Gallup Pool. When we did not receive the Form 9-331-C, Notice of Intention to Drill, we checked with the U.S.G.S. Office who reported that they did not have any additional copies but that you had been advised and would send us two copies of the Notice of Intention to Drill from Albuquerque. We have now received almost a complete file of forms on this well but still do not have a Notice of Intention to Drill. Please send us two copies of this form as soon as possible, as we will be unable to approve or distribute any of the other forms until we have received it.

Yours very truly
