RE: Application for Non-Standard
Proration Unit
Ute #7
Barker Creek Paradox Field
San Juan County, New Mexico

Gentlemen:

We have completed as a re-entry the Ute #7 well in the SE/4 of Section 19, Township 32 North, Range 14 West, San Juan County, New Mexico. We do not own the entire Section 19 which is required as a proration unit under the field rules and request that we be permitted to form a non-standard proration unit consisting of the west halves of Sections 18 and 19.

As per the enclosed letter, all offset operators have been notified and requested that they waive objection to our application.

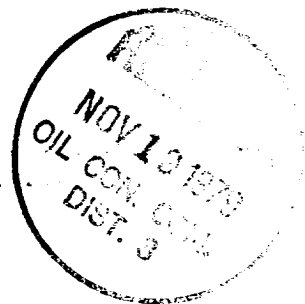

Yours very truly,

MERRION & BAYLESS
