13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

This well needed only a pump jack & gas motor, which was installed on 8-4-2000. The well produced off and on until 8-26-2000. The well stabilized between 8-23-2000 to 8-26-2000 at about 10 BOPD. Then it appeared to develop downhole mechanical trouble. We are waiting on a rig from J.C. Well Service and will repair as soon as possible. Total production on test was 123 B.O. & 0 water. This well appears productive.

14. I hereby certify that the foregoing is true and correct
