RE: La Plata Mancos Unit 3, G-32-32N-13W API 30-045-20329

Dear Al:

Referring to your letter dated December 14, 1998. We are not involved with lease agreements between the operator and the State Land Office. We are however concerned with the well being in compliance with New Mexico Oil Conservation Rules and Regulations.

A letter to you on July 24, 1997, approved a schedule for addressing the inactive well. This schedule allowed you approximately seventeen months to bring this well into compliance with Rule 201.B. The last reported production on this well was September 1994.

We are not asking you to plug the well. We are requiring the well to be brought into compliance with the rules. Review Rules 202 and 203 for the necessary filing requirements to plug and abandon or temporarily abandon the well.

Feel free to call me at 334-6178, ext 16, if I can be of any help.

Sincerely,

Charlie T. Perrin  
Deputy O&G Inspector

RE: Inactive Wells

To Whom It May Concern:

Our records indicate that the wells on the attached list are inactive and not in compliance with Rule #201.B.

Please submit plans to bring these wells into compliance within 30 days. Review Rules #202 and #203 for the necessary filing requirements to plug and abandon or temporarily abandon these wells.

Contact this office if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Johnny Robinson".
