Dear Curtis:

I am enclosing copies of correspondence relative to applications for permit to drill for your State Com #1 and #2 wells in Section 16, Township 32 North, Range 12 West. The #1 well was completed in 1973 and is now a producing well. However, we have had no additional information filed relative to the #2 well. Will you please advise if any activity occurred at this location or if it was abandoned?

Your original application has expired so you should refile if the well is still to be drilled.

Thank you.

Yours very truly,

Emery C. Arnold
Supervisor, District #3
