Re: Navajo AA #22, N-17-32N-17W

Dear Mr. Woosley:

The enclosed sundry and C-104 are being returned for the following:

1. The sundry report must be submitted on the Federal form and accepted by the BLM, Farmington office. The depth the 4 1/2" was set should be on this report.
2. There has never been a C-104 approved for new well filing with sections I through VI completed. Therefore if you are requesting an allowable and authorization to transport, a C-104 for new well must be submitted.

If you have any questions, please call.

Sincerely,

A handwritten signature in cursive script that reads "Luanne Hisel".
