Dear Mr. Edwards:

Returned herewith are forms C-102 for completion. Please complete the certificate as indicated and return the forms to this office.

Also note a minor change in acreage dedication.

Prior to production of the well obtain approval of a nonstandard drill tract because of the size of the section. (The policy of Rule 104 suggests a nonstandard drill tract to be one which varies more than one half acre per forty acres for the total tract, i.e. for 640 acres, a standard tract would be from 624 acres to 656 acres.)

If there are questions, please contact us.

Yours very truly,

A. R. Kendrick  
Supervisor, District #3
