Dear Mr. Edwards:

The following reports on the referenced well are delinquent in violation of Rules 1103 and 1105 of the Rules and Regulations of the Oil Conservation Division:

Form 103 (or U.S.G.S. 9331)  
Report of commencement of drilling operations;  
Casing and cement test  
Form 105 (or U.S.G.S. 9330)  
Well completion report and log

Please file these reports immediately.

We would also remind you that you must obtain approval of a non-standard drill tract (501.44 acres) before this well can be placed on production.

If you have any questions, please contact this office.

Yours truly,

Frank T. Chavez  
Deputy Inspector
