CASING TEST AND CEMENT JOB ☐
OTHER: Re-frac ☒

12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Hallwood worked this well over and it appears to have little if any fluid entry into wellbore due to low fluid levels observed. Hallwood re-frac'd Fruitland Coal at 2106-2136', spearhead frac w/1000 gals 7 1/2% HCl acid, did not see a break, followed w/12,000# 40/70 & 107,500# 12/20 total sand in formation. Re-frac was unsuccessful. Well produced 58 MCF and 156 BW on 3/26/97. We plan to monitor offsetting wells to see if water production increases or stays the same.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
