Dear Tanya:

The 1993 Bradanhead tests on the referenced wells indicated casing failures. Meridian Oil Co. was directed to initiate immediate remedial activity on each well. We have had no reply from you office and apparently no action has been taken. You are hereby directed to initiate remedial activity prior to December 14, 1994. Failure to comply may result in fines or allowable cancellations.

Yours Truly

Charles Gholson
Deputy Oil & Gas Inspector
